Rally Service

The rally program at the Auburn Park Federated church was a splendid success. The auditorium of the church was filled. The morning offering was over $45. The graduating exercises of the beginners and primary departments showed splendid work done in those departments, in charge of Mrs. Fellows and Miss Harris respectively. Diplomas and New Testaments were presented to seven graduating from the beginners department and diplomas and Bibles were presented to thirteen graduating from the primary department. The many additions to the cradle roll with the one baptism was noted. The part the advanced classes took in the program showed that they too had been "on the job." The whole program indicated the splendid work that is being done by this progressive and ever growing Sunday school.

The idea of rally week will be continued with the big social Thursday evening, Sept. 30th, at the church. Interesting things are planned for that occasion.

JAPANESE PEERS URGING STERNER ATTITUDE TO U. S.

Tokio, Sept. 21.—(By Associated Press.)—Representative Japanese express the opinion that there is no hope of a permanent solution of the California problem until after the presidential election in the United States.

Through the medium of the press they continue to put forward strong opposition to the proposed referendum in California, designed to extend the present law excluding Japaness from land ownership in California so as to forbid Japanese from holding lands by lease, and also to prevent Japanese holding land through ownership of alleged "dummy" corporations.

This prize was offered for the best general exhibit of the school work and activities, the school being allowed to choose the deparements which were to exhibit. Calumet selected the work in English, biology, mechanical drawing, freehand drawing and extra school activities, including athletics.

52,000 Attend First Night School Classes

Fifty-two thousand persons of all ages, nationalities and stations in life appeared at the twenty-nine schools last night at the opening of the night classes. The large number is believed due to the reopening of immigration from Europe. Most of the women have enrolled for home economy and sewing. The night school appropriation this year is $319,590, as against $244,520 last year.

Gun Toters Get Big Sentences; Garrity Happy

Of the twenty-four gun toters who faced Municipal court judges last week, only three were discharged and two placed on probation. Judge Prindiville fined one gunman $1,000 and sentenced him to one year in jail. Another he fined $500 and sentenced him to ten days in jail.

"These are the sentences which will clear Chicago of criminals," Chief of Police Garrity said.

Four gun carriers were fined $100 each; five were fined $200 each, and another drew thirty days in jail. Judge Doyle discharged two and Judge Stewart one. Judge Hayes put two on probation for a year.

LARGE DESIRES

"Have you ever wanted to buy a hotel just for the pleasure of firing an impudent clerk?" asked Mr. Gadspur.

"Oh, yes," replied Mr. Glipping. "I have even gone further than that. I've wished I could buy an entire railroad system simply for the satisfaction of telling a crabbed ticket agent to chase himself."—Birmingham Age-Herald.

STOP ELGIN-AURORA POOLS

Aurora, Sept. 20—The police of Elgin today stopped the sale of baseball pools and the Aurora police acted yesterday, saying the lid was clamped on for the good of the game. They declared the pools are to be stopped all over the country.

The Growth of Chiropractic

MANY people in this community are doubtless curious to know something about the Drugless Health Science of Chiropractic, and what it is doing.

Like every other new idea, it has encountered violent opposition although the fight for recognition and liberty is nothing compared to what it was a few years ago. While everything possible has been done to retard the progress of the Science, it has gone ahead by leaps and bounds, and today Chiropractors are to be found in every State in the Union, all over Canada and in the majority of the foreign countries.

Skeptics have falsely cried "fakery, humbug," etc., but in the face of all the storm of opposition, the march has steadily gone on until now CHIROPRACTIC is soundly entrenched, and is **doing more for Suffering Humanity than any other Science known.**

Chiropractic deals entirely with the Spine. It has been proven beyond a reasonable doubt, that by adjusting subluxations (displacements) of the vertebrae (small bones of the spine), the CAUSE of Dis-ease can be corrected. It has been proven that the majority of diseases originate from the spine, caused by subluxations of the vertebrae which impigne (pinch) the nerves and thus cut off the nerve supply of vital force, naturally bringing about diseases to the regions which get their life from these nerves which have become impigned. The competent Chiropractor adjusts these vertebrae, relieving the pressure on the nerves and the life force is permitted to flow freely. In other words he adjusts the CAUSE of Dis-ease and Nature cures.

CITY TENANTS UNITE TO STOP RENT PIRATES

"Don't Growl—Kick," Motto of C. T. L., Formed to Stop Rent Profiteering

"Don't growl—kick."

With this slogan, the fight against profiteering landlords became city-wide with the formation today of the Chicago Tenants' Protective League. It is a merger of all the tenants' organizations of the city under one head—with one common purpose, and one treasury—to stop rent profiteering.

A vigorous campaign is to be started for membersships throughout the city. Auxiliary organizations are to be formed in every community—tenants in one apartment building will be encouraged to form defensive alliances and will be given the benefit of the experience and co-operation of the parent body with its legal advisors and its plans to carry the tenants' war into the legislature in search of relief.

These Head Organization

The officers of the new organization are: President, J. R. Patterson of the Rogers Park association; vice-president, Dr. H. I. Van Puyl of the Woodlawn association; secretary, A. D. Jessurun of the Wilson Avenue association; treasurer, E. F. Hammond of the Rogers Park association.

Central offices are to be located in the Transportation building, 608 South Dearborn St., room 1245, where there will be at all times a secretary and an attorney to receive complaints and applications for membership and to give advice to those requiring it.

Makes for Effectiveness

"We realize that the only effective fight we can make will be by consolidating our interests under one head," declared President Patterson today. "We know that by combining we can create public sentiment that will do even more for the renters than laws can do, but we shall go to the legislature and ask for such laws as will protect tenants from many of the abuses now so common.

"Eighty-five per cent of money received from new members and other sources will be placed in the common treasury. The other 15 per cent will be used by the auxiliary associations to defray their ordinary expenses.

"There is a world of possibilities in the forming of community neighborhood auxiliaries, aside from aiding in reducing rents. There are many ills of the community that today are merely complained of without action. With the organization of neighborhood societies the neighbors will become better acquainted and can act as a body in bringing about many reforms in their communities."

See Man Die in Well by Aid of Mirror

Gazing in a hand mirror poised above the opening of a seventy-four foot shaft at Waukegan, a baffled rescue party yesterday watched Thomas Dorbatuk die at the bottom of the well he had helped drill.

Overcome by gas fumes, Dorbatuk had collapsed under a rock, which projected about twelve inches. The diameter of the shaft is thrity-six inches. Under the direction of Chief Sars O'Farrell, members of the fire department donned gas masks and attempted to reach him, but only one man could descend at a time and Dorbatuk was wedged too tightly to be removed.

The fumes penertated even the gas masks of the firemen and none was able to remain in the shaft. Dorbatuk was semi-conscious when the firemen arrived and nodded feebly as man after man vainly endeavored to dislodge him from under the rock.

Mirrors Reflect Tragedy

Finally all hope was abandoned. A large mirror, to which was attached an incandescent bulb, was then lowered to the bottom of the shaft and tipped at an angle which permitted Dorbatuk's reflection to be transmitted to a second mirror, hung near the mouth of the shaft.

Then the rescuers above adjusted the hand glass until it mirrored the thrice transmitted reflection of the tragedy transpiring seventy-four feet below. The hand glass was six inches in diameter.

Dorbatuk could be seen struggling weakly. Occasionally he would raise his hands to the rock against which his head was pressed. Then they would drop listlessly to his side. The light from the bulb caused him to open his eyes. He looked into the mirror. The watchers seventy-four feet above saw him smile.

They called to him. He smiled wanly and attempted to nod, but his head dropped forward, his chin resting upon his breast. Then Chief O'Farrell saw him raise his right hand to his forehead, then to his right breast—he was attempting to make the sign of the cross, but his hand dropped before the gesture was completed.

He was dead.

Miss Dorothy Tower of 344 Normal pkwy. left Sunday for Boston, Mass., where she is a junior at Wellesley college.

ONLY A SNACK!

After a frugal little lunch in a country hotel the millionaire who was touring the country in his sixty horse power car, called for his bill.

"Yes, sir," replied the waiter promptly. "Four sandwiches and a glass of cider, you had, sir. That will be—"

"Wait a minute!" interrupted the motorist. "There's my chauffeur somewhere. What has he had?"

"Oh, I know about him, sir," replied the waiter. "He says he's just had a snack—an omelette, grilled trout, lamb cutlets and peas, iced coffee, a half crown cigar and a bottle of claret, sir."—London Answers.

U. S. Judge Welcomes Citizen Cobbler Who Educated Children

Agostine Dispensa, 6412 S. Ashland Ave., has not read much history of the United States or other countries, for his ability as a reader is rather negligible.

But as an observer, Dispensa is keen.

When he came to this country from Italy some twenty-two years ago, he saw that American children were sent to school as soon as they were old enough. So as his five children came along, he sent them to school. Ten years ago their mother died and Agostine was both father and mother to them. But they kept right on going to school.

Today, two of Dispensa's daughters are school teachers, and his two sons, who served, one in Uncle Sam's army and one in the navy, are in business for themselves. So despite his lack of education, Agostine decided he was eligible for American citizenship. Attorney Scott Hogan, alderman from his ward, told Judge Kickham Scanlan today about Agostine.

"If ever anybody appeared before me worthy of becoming an American citizen, you are the man," said the judge, and when Agostine left the courtroom, he had formally sworn allegiance to the flag.

"Now I can make better shoes," he said.

Salvation Army in Appeal for Funds

An appeal for $425,700, based on a budget approved by the Cook County Advisory Board and supported by that organization, will be made by the Salvation Army to the people of Chicago and Cook County from Nov. 20 to 30.

The money to be asked will be for the maintenance of the army's work in Cook County for the next fiscal year, and for the extension of its social service and relief institutions to accommodate an increased number of cases expected through the operation of the County Advisory Board.

Charles Piez, president of the Link-Belt Company, has accepted the chairmanship of Cook County for the Salvation Army 1920 Home Service Program and is now organizing Cook County for the appeal.

"Chicago's trades and labor groups were right up in the front ranks as one hundred per cent contributors to all our war drives and I'm certain they'll give the same hearty response to the Salvation Army's appeal for funds this year," Chairman Piez recently informed Commissioner William Peart, head of the army in the western territory.

Weekly Letter, Veterans of Foreign Wars, U. S.

In every community where men went overseas there are at present men who live to tell how the other 22,000 buddies sleep 'neath the poppies of France.

All ex-service men of Englewood and surrounding districts surely want to keep alive the bond of sympathy created by the privations and dangers experienced overseas. Capt. Marshall Field Post No. 177 is an overseas post. We have all the features benefiting the service man. Bowling and rifle teams now and in the near future we ex-service men will have a building of our own where real comradeship will exist, cemented by association over there.

No veteran need want for anything as we take care of all. Gold star mothers and widows of men who made the supreme sacrifice.

The post will give a great stag in the near future. So buddie wise up to this gold stripe organization as a very large class will be mustered in next Friday evening. Why not you? Eventually yes. Fee for joining is $2.00 and dues $1.25 every three months. We meet next Friday evening, October 1st, G. A. R. Hall, 6238 Princeton Ave., Capt. Marshall Field Post, No. 177, Veterans of Foreign Wars, U. S., R. O. Sigafoose, adj. war risk officer, 1652 W. 59th St.

Clothing Comes Down! He Says So; Bandits Took Trousers

One man in Chicago will tell the world today that he did not enjoy a reduction in clothing. He is H. G. Harrigan, 607 W. Madison st.

Mr. Harrigan was tolerably well satisfied with his clothing status when he left his rooming place.

Two hours later he stood before the complaint desk in the Desplaines st. station.

"They say clothing is comin' down, eh? Well, they certainly came down for me. Look at me!"

Whereupon Mr. Harrigan explained that his pants had been taken from him by a pair of bandits. For overhead expense the robbers took along the $80 in Harrigan's trouser pockets.

To Correct a Misrepresentation

PERSISTENT repetition of a rumor has come to our notice to the effect that Wilson's Candy Store, 6340 S. Halsted Street, has changed hands recently. We take this means of informing our friends and patrons that no such change has taken place or is contemplated. On the contrary, we hope to continue this business for a long time to come and to that end have recently enlarged the capacity of our store to insure greater comfort and convenience to our rapidly growing patronage. We intend to continue our efforts to supply the wants of this community with our well known candy specialties and ice cream delicacies.
